We operate a policy of continuous product development and individual features such as windows, garages and elevational treatments may vary between individual plots and developments. Homes may be constructed from brick or artificial stone and room sizes are approximate. Plots may be handed and any garages maybe single or double. Kitchen and bathroom layouts are indicative. These plans are correct at time of going to press, but may be subject to change during construction. Consequently these particulars should be treated as general guidance only and cannot be relied on as accurately describing any of the Specific Matters prescribed by any Order under the Property Misdescriptions Act 1991. Nor do they constitute a contract or part of a contract. Internal photography is only representative of this type of property and does not show the exact specification. Dimensions do not include the extra floor area where the sloping ceiling height is below 1500mm. Please ensure that you check with the sales manager on the development for specific plot details.

This leaflet is printed on 75% recycled paper. When you have finished with this document please recycle it.
