

Hampton Water Development update

Issue 1 | Spring 2024

Keeping you updated

We wanted to provide you with an update on the development and what you can expect from us over the coming months.

Overview

Hampton Water provides a collection of 1 – 5 bedroom homes ideally situated between The Beeby's West Lake and The Beeby's East Lake.

This development comprises of several phases, and we are currently progressing with construction on the final phase, plots 207 – 326.

Site activity

- Construction is progressing on the final phase.
- Site construction area is moving in May to plots 272 - 287
- The mains on the final section to be installed (including main water, gas and electricity services)
- Current build progress on this phase is estimated as approximately 80%.
- All roads and main drainage have now been installed.

Timeline

- First completions on the final phase have already taken place in 2023.
- Show homes are available at this development – The Aspen and The Cypress
- We are proud to announce that our Cypress Show home design has received a national recognition at a prestigious First Time Buyer award in 2023
- Our Sales Centre is open and located within the view home – The Chestnut
- Hampton Water is one of four new flourishing village communities located just 5 miles South of Peterborough. Hampton Water benefits from wetlands, waterside experiences, Hampton Country Park, a cricket pitch, and a new primary school and neighbourhood centre.

Managing agent

- FirstPort Property Services are responsible for collecting an estate charge on behalf of O&H Limited for the maintenance of public open spaces on the wider estate. This charge is applied to all plots on the development.
- Alexander Faulkner Partnerships (AFP), owned by FirstPort Property Services are acting as managing agents for maisonettes and apartments only. A separate additional charge is applicable to the maisonettes and apartments.
- Please refer to the Development Information document for the full breakdown of services & charges.

Ecology

The Biodiversity Strategy has been developed to provide biodiversity opportunities and enhancements within the development.

There are several bird and bat boxes installed on site. Please speak to your Sales Consultant for more information on exact locations.

Services

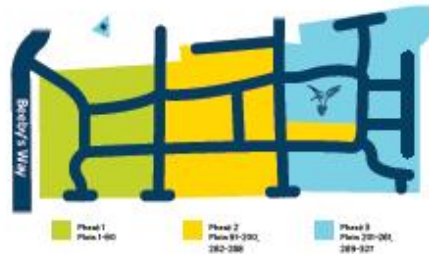

- The water board: Anglian Water
- Gas and Electric supplier: Eon & British Gas
- Fibre: OFNL

Please refer to the list of all current OFNL suppliers following the link:
