

# TOR VIEW, TAVISTOCK

## Keeping you updated

We wanted to provide you with an update on the development and what you can expect from us over the coming months

### Overview

Tor View comprises of a range of 2-5 bed homes and apartments. This development will provide 240 new homes with the following features :

- 69 affordable homes.
- Infiltration basins.
- Energy Efficient Homes.
- A Play Area to the North-West of the development with Public Open Space to the South East.
- External fused spurs to facilitate future EV charging where possible.

### Site Activity:

- Just over 100 occupied plots on phase 2.
- Still ongoing works underway for the permanent connection of electricity of a new substation for Phase 2B.

### Specific items:

- Electric mains connection legal's completed. Works have commenced for a permanent connection.
- Existing overhead cable at the entrance to phase 2 will be grounded following permanent connection. Communication to follow.
- Relocation of Sales cabin completed in January 26.

## Timeline

- First completion were handed over in May 24, with more completions ongoing until site completion.
- POS to phase 1 completed. POS to phase 2 due to be completed in line with completion of the phase.
- Footpaths and POS areas between phases 1 & 2 have been installed. Footpaths are scheduled to be topped in Q3 2026.
- 75% of roads and sewers are installed.
- The new Drake Show home opened in Spring 26.

## Ecology

- Badgers are present onsite and use the Public open spaces for foraging.
- A badger tunnel has been constructed beneath the main spine road to help the badgers cross the development safely
- Construction areas are fenced off to protect the badgers from harm
- Hedgehog highways have been provided where possible within plot back gardens, please ask sales executives for further information.

## Managing Agent

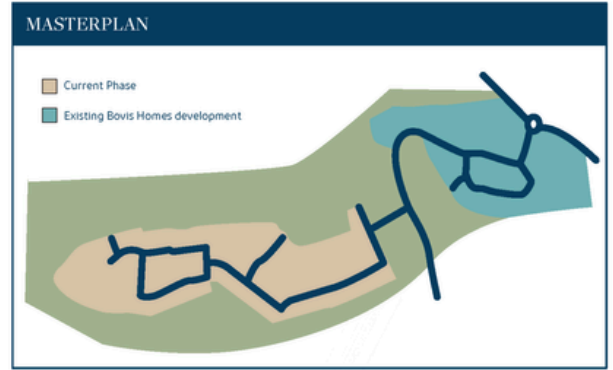

The managing Agent for Tor View is Gateway Property Management (GPM). Key responsibilities include:

- Carry out maintenance and other related property services.
- Follow best industry practice by entering into a formal management agreement with the company and being accountable for delivering all agreed services.
- Carrying out health & safety and fire risk assessments.
- Organising contracts (such as grounds maintenance).
- Handover of Phase 7 to GPM is complete. For future phases These will be handed to GPM 6 months from the final home completing.

## Services

- The initial billing of Gas and Electric will be through British Gas.
- Your home has an Openreach line terminating in a network termination socket. You should contact your chosen landline / internet service provider for this to be activated.
- Water billing mains water supply will be billed through South West Water.
- Surface water & Foul sewerage will be billed via Icosa Water Services Ltd for phase 2 and South West Water for phase 1, an appointed company under OFWAT.
- In line with the Air Quality Planning Guide, our planning process has ensured that all layout revisions, approved and discharged as of December 2022, support environmental standards. Each home is now equipped with an external fused spur. This feature allows residents to easily install EV charging points within their property boundaries. Electricity consumption for charging will be billed directly to homeowners through their regular electricity accounts.
- All properties registered under the 2021 building regulations will include solar panels and a waste water heat recovery system. Each property is designed to meet the energy efficiency targets set out in the SAP (Standard Assessment Procedure) calculations. Details regarding performance targets and warranty coverage can be found in the completion documents.
